DEDICATION

This publication is dedicated to all law enforcement officers, and in particular, to those police officers who lost their lives during the past year in the performance of duty while upholding the laws of the state of Illinois.

Lieutenant Gregory Jonas
Officer Alejandro (Alex) Valadez
Corporal Cesar Velazquez

***“Courage knows no bounds greater than that,
that a man or woman shall give his or her life in the
service of his or her community.”
(Source Unknown)***

LAW ENFORCEMENT OFFICERS KILLED

During 2009, three Illinois law enforcement officers lost their lives in the performance of their duties while upholding the laws of the state of Illinois. A brief narrative of the circumstances surrounding their deaths is presented below.

May 15, 2009 - HAINESVILLE POLICE DEPARTMENT

Corporal Cesar Velaquez suffered a fatal heart attack shortly after assisting a motorist. A vehicle had become disabled placing the motorist in immediate danger. Corporal Velaquez pushed the vehicle from the roadway and out of harms way. Shortly afterwards Corporal Velaquez appeared in court, and suffered a heart attack afterwards when returning to his residence. Corporal Velaquez was serving the Hainesville Police Department after retiring from the Skokie Police Department where he had served for 20 years.

June 1, 2009 - CHICAGO POLICE DEPARTMENT

Police Officer Alejandro (Alex) Valadez succumbed to wounds sustained while investigating reports of gunfire. As he and his partner were questioning residents, a vehicle drove up and an occupant opened fire. Police Officer Valadez was struck twice and transported to a local hospital where he died later that day. Police Officer Valadez had served with the Chicago Police Department for three years at the time of the incident.

June 2, 2009 - CENTREVILLE POLICE DEPARTMENT

Lieutenant Gregory Jonas was shot and killed while patrolling an apartment complex. It is believed the shooting occurred as he was questioning an individual. Lieutenant Jonas had served with the Centreville Police Department for 15 years, with eight years of previous service to the Alorton Police Department.

INTRODUCTION

The Illinois Uniform Crime Reporting Program

The Illinois Uniform Crime Reporting (I-UCR) Program was developed in 1971 and implemented on January 1, 1972. The Illinois State Police was given the responsibility to act as the central repository for crime statistics. Reporting crime statistics is mandated by Chapter 20 of the Illinois Compiled Statutes, 2630/8.

2630/8. Crime Statistics. The Department shall be a central repository and custodian of crime statistics for the State and it shall have all power incident thereto to carry out the purposes of this Act, including the power to demand and receive cooperation in the submission of crime statistics from all units of government.

Reporting agencies submit data on a monthly basis to the I-UCR Program. Participating jurisdictions include villages, municipalities, counties, colleges, universities, park districts, railroads, forest preserves, hospitals, and other miscellaneous agencies throughout Illinois.

Crime index offenses, crime index offense arrests, and drug crime arrests are required to be reported by local law enforcement agencies. In April 1996, the Illinois State Police began the collection of additional crime statistics mandated by state and federal statutes. These include Domestic Related Crimes, Attacks Against School Personnel, and Hate Crimes. Crimes Against Children are also reported voluntarily to the I-UCR Program.

Please note: The 2009 figures reported in this publication include data as of April 30, 2010. The 2008 figures may not reflect the figures published in *Crime in Illinois 2008* due to submission of late and/or adjusted data.

Crime Index data is also used by other agencies. For more information, browse the following websites:

Illinois Criminal Justice Information Authority - <http://www.icjia.org>
Illinois Association of Chiefs of Police - <http://www.ilchiefs.org>

Crime Statistics Interpretation Considerations

When comparing the crime statistics of one agency to those of another, many factors should be taken into consideration before drawing conclusions. Some conditions affecting the type and volume of crime are:

- Whether or not the reporting agency applied the Hierarchy Rule (reporting only the most serious offense in a multi-offense incident) in the compilation of index crime statistics
- Population density and degree of urbanization
- Variations in composition of the population, particularly youth concentration
- Stability of population with respect to residents' mobility, commuting patterns, and transient factors
- Modes of transportation and highway system
- Economic conditions, including median income, poverty level, and job availability
- Cultural factors and educational, recreational, and religious characteristics
- Family conditions with respect to divorce and family cohesiveness
- Climate
- Effective strength of law enforcement agencies
- Administrative and investigative emphases of law enforcement
- Policies of other components of the criminal justice system (i.e., prosecutorial, judicial, correctional, and probational)
- Citizens' attitudes toward crime
- Crime reporting practices of citizens¹

Guard against direct agency-to-agency comparisons when analyzing I-UCR statistics. Such comparisons could be misleading unless demographic differences between jurisdictions are taken into account. Every community has unique social, ethnic, and economic factors which may affect its crime statistics. These dissimilarities may bias the results of any comparative analysis between agencies. The state of crime within a given jurisdiction is complex and cannot always be treated superficially, as it might be in direct agency-to-agency comparisons. The definition of jurisdiction itself may vary between agencies, as evidenced by railroad agencies whose jurisdictions are comprised of non-geographical areas.

In addition, uniform crime reporting statistics reflect "offenses known to police." In other words, these crime counts and rates only reflect information on crimes reported to police, not necessarily all crimes that occurred. Propensity to report a crime varies by type of crime and the individual characteristics of the victim. For more information, see the *National Crime Victimization Survey*, administered by the U.S. Department of Justice, Bureau of Justice Statistics.

In general, the decision to use any indicator for analysis purposes must be made with care. The I-UCR indicators discussed within this publication have utility for law enforcement administrators; however, they must be used with caution. No single indicator is sufficient for thorough crime analysis. Instead, decisions law enforcement administrators are called upon to make require a multifaceted analytical approach.

⁴ ¹ Crime in the United States - 2008, United States Department of Justice, Federal Bureau of Investigation, p.iv.

I-UCR Reporting Agencies

In 2009, there were 1,033 law enforcement agencies in Illinois; 87 percent of these agencies (903) reported Crime Index statistics directly to the Illinois State Police. The remaining agencies failed to report their Crime Index statistics or reported through an intermediary agency (sheriff's office, police department, etc.).

<i>Agency Type</i>	<i>Total Agencies</i>

Remaining Agencies	130
<i>TOTAL</i>	<i>1,033</i>

The Crime Index / Crime Rate

A majority of the offense and arrest statistics in this publication focus primarily on what is known as the Crime Index. The eight crime categories that make up this index provide an indication of the extent serious crime occurs in the jurisdiction, region, or state. Four of the eight crime index categories collected by the I-UCR Program are violent crimes against persons including murder, criminal sexual assault, robbery, and aggravated assault/battery (including attempted murder and ritual mutilation). The remaining four categories are crimes against property including burglary, larceny/theft (including burglary from a motor vehicle), motor vehicle theft, and arson.

The I-UCR Program's **crime index** translates into the FBI National Program's eight Crime Index offenses as:

Violent Crimes Against Persons

Murder and Nonnegligent Manslaughter - The willful (nonnegligent) killing of one human being by another.

Forcible Rape - The carnal knowledge of a female, forcibly and against her will - includes attempted rape. (Illinois reports criminal sexual assault offenses against males *and* females rather than rape offenses under this category.)

Robbery - The taking or attempting to take anything of value from the care, custody, or control of a person or persons by force or threat of force or violence - includes attempted robbery.

Aggravated Assault - The intentional causing of serious bodily harm or the intentional attempt or threat of serious bodily injury or death - includes aggravated battery, attempted murder, and ritual mutilation.

Crimes Against Property

Burglary - The unlawful entry of a structure to commit a felony or theft - includes attempted burglary.

Theft - The unlawful taking or stealing of property or articles without the use of force, violence, or fraud - includes attempted thefts, as well as burglary from a motor vehicle and attempts.

Motor Vehicle Theft - The unlawful taking or stealing of a motor vehicle - includes attempted motor vehicle theft.

Arson - The willful or malicious burning or attempt to burn, with or without intent to defraud, a dwelling house, public building or any building, motor vehicle, aircraft, or personal property of another - includes attempted arson.

It is important to note that the I-UCR Program may collect additional offenses in each of the eight index crime categories as compared to the FBI National Program based on offense elements as defined by the Illinois Compiled Statutes.

The **crime rate** indicates the prevalence of crime occurring across a given population. It is generally defined as the total number of index crimes per 100,000 inhabitants and is calculated as follows:

$$\frac{\text{Crime Index Count} \times 100,000}{\text{Jurisdictional Population}} = \text{Crime Rate}$$

The jurisdictional population can be that of a city, town, village, state, or nation.

The **percent change** indicates the increase or decrease of the volume of data represented.

$$\frac{\text{Current Figure} - \text{Previous Figure}}{\text{Previous Figure}} \times 100 = \text{Percent Change}$$

Crime Index Offense Classifications

	ILLINOIS CLASSIFICATIONS	FBI-UCR CLASSIFICATIONS
CRIMES AGAINST PERSONS	First Degree Murder (Chapter 720 ILCS 5/9-1) Second Degree Murder (Chapter 720 ILCS 5/9-2)	Murder & Nonnegligent Manslaughter
	Criminal Sexual Assault (Chapter 720 ILCS 5/12-13, 14, 14.1, 16)	Forcible Rape
	Robbery (Chapter 720 ILCS 5/18-1 thru 5)	Robbery
	Attempted Murder Aggravated Assault (Chapter 720 ILCS 5/12-2) Aggravated Battery (Chapter 720 ILCS 5/12-3.3, 4, 4.1, 4.2, 4.2-5, 4.3 & 4.6) Ritual Mutilation (Chapter 720 ILCS 5/12-32)	Aggravated Assault
CRIMES AGAINST PROPERTY	Burglary (Chapter 720 ILCS 5/12-11, 19-1 & 3)	Burglary
	Theft (Chapter 625 ILCS 5/4-102 & 103, Chapter 720 ILCS 16-1, 16A-3, 16E-3, 16-5) Burglary From A Motor Vehicle (Chapter 720 ILCS 5/19-1)	Larceny/Theft
	Motor Vehicle Theft (Chapter 720 ILCS 5/16-1 & 625-5/4-103)	Motor Vehicle Theft
	Arson (Chapter 720 ILCS 5/20-1, 1.1, 1.2 & 1.3)	Arson

SECTION I - CRIME TRENDS

Crime Trends - A Historical Perspective

Historical information is intended to provide a comprehensive perspective of crime trends. The graph below illustrates the general trend of crimes reported in Illinois from 1974 to 2009. The Crime Index is composed of selected offenses used to gauge fluctuations in the overall volume and rate of crime reported to law enforcement. Offenses selected are violent crimes against persons including murder, criminal sexual assault, robbery, and aggravated assault/battery (including attempted murder and ritual mutilation); and crimes against property including burglary, theft (including burglary from a motor vehicle), motor vehicle theft, and arson.

Crime trends may be analyzed using two separate methods: crime volume and crime rates. Crime volume is merely the aggregate total of the Crime Index. By comparing the crime volume from year to year, trends in the number and types of crimes reported to police can be studied. Crime rates are compiled to compensate for the changes in the size of population. Crime rates are generally expressed as the total number of index crimes per 100,000 inhabitants.

The crime rate for the state of Illinois is shown for each year from 1974 through 2009. The crime rate is calculated by dividing the number of crimes reported to police by the jurisdictional population, and multiplying that number by 100,000.

Illinois Crime Index Offense Rate 1974-2009

Considerations for interpretation:

On January 1, 1992, the Revised Illinois Uniform Crime Reporting Program, operating under the Federal Bureau of Investigation's National Incident Based Reporting System (NIBRS) criteria, became operational. This new system was used to collect data from 1992 through 1993. In 1994 the Illinois State Police implemented a new reporting procedure. Crime index offenses, crime index offense arrests, and drug crime arrests were required to be reported by local law enforcement agencies. This procedure is still in use to date; however, the change in reporting procedures in the early 1990s may have contributed to the decrease in Index offense rates from 1991-1993.

In 1992, the Revised Illinois Uniform Crime Reporting Program, operating under the Federal Bureau of Investigation's National Incident Based Reporting System (NIBRS) criteria, became operational. This new system was used to collect data in 1992 and 1993. In 1994, the use of NIBRS was discontinued and a new reporting procedure was implemented. Crime index offenses, crime index offense arrests, and drug crime arrests were required to be reported by law enforcement agencies. This procedure is still in use to date; however, the change in reporting procedures may have contributed to the decrease in Index offense rates in 1992 and 1993.

In 2009, there were a total of 12,135 monthly crime index offense reports submitted out of the 12,840 to be received annually. The 705 reports that were not submitted may have contributed to the decrease in Index offense volumes and rates for 2009.

Crime Trends - A Historical Perspective

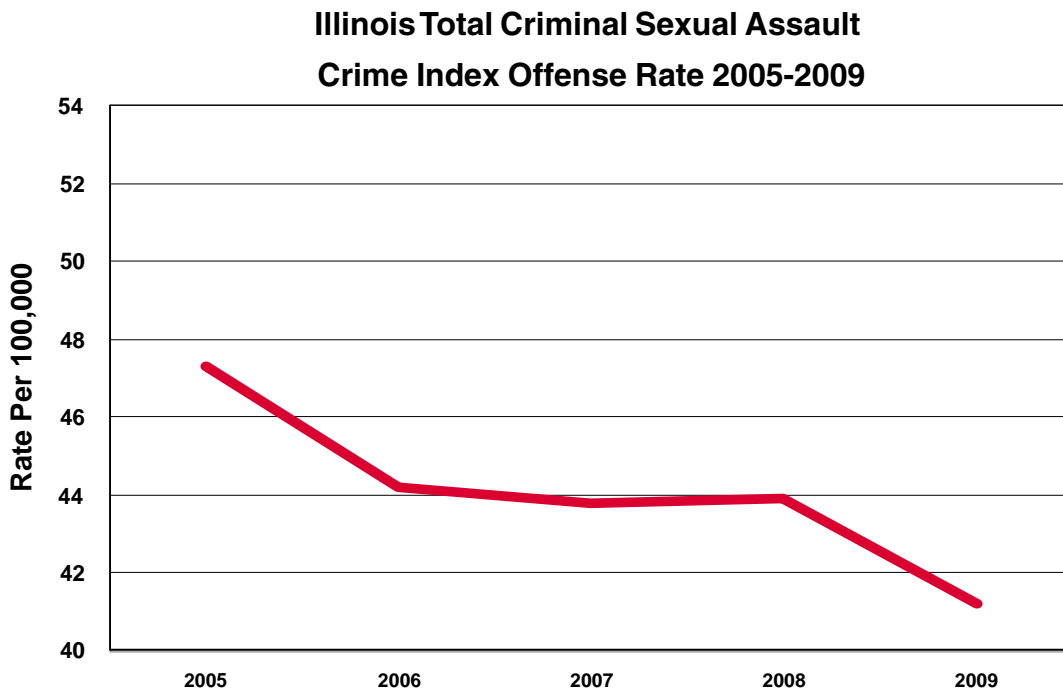

Violent crimes against persons offenses include murder, criminal sexual assault, robbery, and aggravated assault/battery (including attempted murder and ritual mutilation). Violent crimes against persons accounted for 15.4 percent of the crime index total in 2009. Crimes against property offenses include burglary, theft (including burglary from a motor vehicle), motor vehicle theft, and arson. Crimes against property accounted for 84.6 percent of the crime index total in 2009.

Note: See page 18 for the actual crime index offense rates and total number of offenses reported in each category for 2005-2009.

Crime Trends - A Historical Perspective

Violent crimes against persons crime index offense rates decreased for all categories. It is important to note there were 705 delinquent monthly reports out of 10,836 monthly reports to be submitted, which may have influenced the decrease. Murder and criminal sexual assault remain the smallest percentage of the overall violent crimes against persons crime index offense total.

Note: See page 18 for the actual crime index offense rates and total number of offenses reported in each category for 2005-2009.

Crime Trends - A Historical Perspective

Note: See page 18 for the actual crime index offense rates and total number of offenses reported in each category for 2005-2009.

Crime Trends - A Historical Perspective

Crimes against property crime index offense rates declined in 2009. It is important to note there were 705 delinquent monthly reports out of 10,836 monthly reports to be submitted, which may have influenced the decreases. Motor vehicle theft and arson remain the smallest percentage of the overall crimes against property crime index offense total.

Illinois Total Burglary Crime Index Offense Rate 2005-2009

Illinois Total Theft Crime Index Offense Rate 2005-2009 (Including Burglary from Motor Vehicle)

Note: See page 18 for the actual crime index offense rates and total number of offenses reported in each category for 2005-2009.

Crime Trends - A Historical Perspective

Note: See page 18 for the actual crime index offense rates and total number of offenses reported in each category for 2005-2009.

Crime Trends - Violent Crimes/Property Crimes

Tables defined below provide comparisons of offense totals and rates among both independent and grouped jurisdictions of interest.

State Total - Statewide offense totals.

State Total Minus Chicago Police Department (CPD) - Statewide offense totals minus Chicago Police Department offense totals.

Chicago Police Department Total - Chicago Police Department offense totals.

Cook County Total - Cook County offense totals including Chicago Police Department offense totals.

Suburban Cook County Total - Cook County offense totals minus Chicago Police Department offense totals.

Collar Counties Total - Offense totals reported by sheriffs' offices, police departments, colleges, and universities located in DuPage, Kane, Lake, McHenry, and Will Counties.

Urban Counties Total - Offense totals reported by sheriffs' offices, police departments, colleges, and universities located in the following counties:

Adams	DeKalb	Knox	McLean	Sangamon	Whiteside
Boone	Jackson	LaSalle	Ogle	St. Clair	Williamson
Champaign	Kankakee	Macon	Peoria	Tazewell	Winnebago
Coles	Kendall	Madison	Rock Island	Vermilion	

Rural Counties Total - Offense totals reported by sheriffs' offices, police departments, colleges, and universities located in the following counties:

Alexander	Cumberland	Greene	JoDaviess	McDonough	Pulaski	Wabash
Bond	DeWitt	Grundy	Johnson	Menard	Putnam	Warren
Brown	Douglas	Hamilton	Lawrence	Mercer	Randolph	Washington
Bureau	Edgar	Hancock	Lee	Monroe	Richland	Wayne
Calhoun	Edwards	Hardin	Livingston	Montgomery	Saline	White
Carroll	Effingham	Henderson	Logan	Morgan	Schuyler	Woodford
Cass	Fayette	Henry	Macoupin	Moultrie	Scott	
Christian	Ford	Iroquois	Marion	Perry	Shelby	
Clark	Franklin	Jasper	Marshall	Piatt	Stark	
Clay	Fulton	Jefferson	Mason	Pike	Stephenson	
Clinton	Gallatin	Jersey	Massac	Pope	Union	

Counties are considered urban if their population consists of at least 50,000 residents or if they contribute at least 50,000 residents to a total Metropolitan Statistical Area (MSA) of 100,000. An area qualifies for recognition as an MSA in one of two ways: (1) if it includes a city of at least 50,000 population, or (2) if it includes an urbanized area of at least 50,000 population with a total metropolitan population of 100,000. The MSA comprises the central county or counties containing the core, plus adjacent outlying counties having a high degree of social and economical integration with the central county as measured through commuting ties. Those that are not part of an MSA are classified as rural counties.

State Total Crime Index Offenses 2005-2009

INDEX OFFENSE	YEAR	% OF TOTAL	NUMBER OF OFFENSES	% VOLUME CHANGE	CRIME RATE PER 100,000	% RATE CHANGE

Offenses reported in rural counties account for 7.0% of the state crime index offense total.

SECTION II - CRIME INDEX OFFENSE/ CRIME RATE DATA

Crime Index Offense/Crime Index Offense Arrest Data

This section presents crime index offenses, crime index offense arrests, drug crime arrests, and supplemental data offenses reported to police. The I-UCR crime index offenses and arrests include the categories of murder, criminal sexual assault, robbery, aggravated assault/battery (including attempted murder and ritual mutilation), burglary, theft (including burglary from a motor vehicle), motor vehicle theft, and arson. The drug crime arrest section includes violations of the Cannabis Control Act, Controlled Substances Act, Hypodermic Syringes and Needles Act, and Drug Paraphernalia Act. The supplemental data section includes the offenses of crimes against school personnel, crimes against children, domestic crimes, and hate crimes. Due to the volume of data reported, only state and county totals are published for the crime index offense arrest, drug crime arrest, and supplemental data categories.

Caution should be exercised when reviewing and using this information. Many social factors related to crime and a community's population must be considered when making statistical comparisons. For example, a community may have a small residential population but a large transient population due to a substantial number of employers, motels, entertainment attractions, etc., within its jurisdiction. A large transient population increases the potential for criminal behavior within a small jurisdiction. The resulting higher population-based crime rate calculation does not compensate for a transient population. The final statistics can lend to the impression that crime is more prevalent due to the exclusion of the transient population in calculation processes.

The law enforcement employee information totals consist of sworn, civilian, and auxiliary personnel who were employed by sheriffs' offices, police departments (including those that report data directly and indirectly to the I-UCR Program), colleges, and universities as of October 31, 2009 (see page 217 for law enforcement employee definitions).

Each county total reflects crime data reported by police departments, sheriffs' offices, colleges, and universities that are located within each county. Data reported from statewide or non-traditional jurisdictions, such as the Secretary of State, Illinois State Police, Department of Natural Resources, hospitals, airports, etc., may have been previously reported by another reporting agency and are excluded from the county totals, and are instead reflected in the state total.

The Crime Index Offense/Crime Index Offense Arrest/Crime Rate Comparison State Total is an aggregate total of the sheriffs' offices, police departments, colleges, universities, and the Secretary of State.

The footnotes in Section II are defined as follows:

- **1 - "Failed to report one or more months"** indicates an agency reports directly to the I-UCR Program, but one or more monthly index reports were delinquent for the reporting year.
- **2 - "Partial year reporting"** indicates a) an agency began direct reporting to the I-UCR Program during the reporting year; or b) an agency disbanded or all officers left the agency without being replaced during the year, and UCR reporting was terminated.
- **3 - "Reported through another agency"** indicates an agency did not exist during the reporting year and statistics were reported through another agency, most commonly the sheriff's office.
- **H.R. - "Applied Hierarchy Rule in compilation of 2009 statistics"** indicates an agency only reported the most serious offense in a multi-offense incident for the reporting year.

Crime Index Offense/Crime Index Offense Arrest Data

This section used the most recent complete census population statistics available from the United States (U.S.) Bureau of the Census. The 2008 crime rates for this section were calculated using the July 1, 2007, estimated population statistics which were obtained from the U.S. Bureau of the Census. The 2009 crime rates were calculated using the July 1, 2008, estimated population statistics. Variations from these estimates are the result of a special census or documentation submitted by an agency from an official source identifying an increase or decrease in population.

A sheriff's office population is calculated by subtracting the population of agencies who report to the I-UCR Program from the county population total. Multi-county agencies' populations are subtracted from each of the applicable counties' population totals. Multi-county agencies are encouraged to report crime independently for each county; however, some continue to report total crime incident totals with no regard to county of occurrence. In these cases, the I-UCR Program has proportioned each of the multi-county agencies' crime rate, crime index total, and each of the eight crime index offenses based on the percentage of the population residing in each county. In some cases, the percentages may not sum to 100 due to rounding. There were 87 cities with I-UCR reporting jurisdictions located in more than one county (see pages 239-258 for a list of multi-county jurisdictions).

Example:

A city with a population of 100,000 has 75,000 or 75.0 percent of its population in County 1 and 25,000 or 25.0 percent of its population in County 2. The total crime index offenses reported by the agency in 2005 is 2,500.

The crime index has been computed as follows for County 1 and County 2:

Jurisdiction	County	Population	Calculation	Total Crime Index
City	County 1	75,000	$.750 \times 2,500 =$	1,875
City	County 2	25,000	$.250 \times 2,500 =$	625
	Total	100,000	Total	2,500

SECTION III - CORE BASED STATISTICAL AREAS

Core Based Statistical Areas

The United States Office of Management and Budget developed new standards to define Core Based Statistical Areas (CBSAs) beginning in 2003. These new standards replace and supersede the 1990 standards for defining Metropolitan Statistical Areas.

CBSAs are defined as a statistical geographic entity consisting of the county or counties associated with at least one core (urbanized area or urban cluster) of at least 10,000 population, plus adjacent counties having a high degree of social and economic integration with the core as measured through commuting ties with the counties containing the core. The new standards designate and define two categories of CBSAs: Metropolitan Statistical Areas and Micropolitan Statistical Areas. These are the terms used for the basic set of county-based areas as defined under this classification.

Metropolitan Statistical Areas have at least one urbanized area of 50,000 or more population, plus adjacent territory that has a high degree of social and economic integration with the core as measured by commuting ties. Micropolitan Statistical Areas - a new set of statistical areas - have at least one urban cluster of 10,000 but less than 50,000 population, plus adjacent territory that has a high degree of social and economic integration with the core as measured by commuting ties. If the specified criteria are met, a Metropolitan Statistical Area containing a single core with a population of 2.5 million or more may be subdivided to form smaller groupings of counties referred to as Metropolitan Divisions. Counties that do not fall within CBSAs represent Outside Core Based Statistical Areas.

Six of Illinois' Metropolitan and Micropolitan Statistical Areas are part of areas in Indiana, Iowa, Kentucky, Missouri, and Wisconsin. Areas outside of Illinois are not represented in the statistics presented here. In some cases the percentages may not equal 100 due to rounding.

Metropolitan and Micropolitan Statistical Areas Summary

The Metropolitan and Micropolitan Statistical Areas summary includes county-based areas which meet the criteria for a Metropolitan or Micropolitan Statistical Area. The inhabitants of these areas account for 95.6 percent of the state population. The total crime index offenses of these areas account for 97.6 percent of the Illinois crime index offenses.

Crime Index Offense/Crime Rate Comparison 2009/2008 Total Metropolitan and Micropolitan Statistical Areas

	Population	Crime Rate per 100,000	Total Crime Index	Murder	Criminal Sexual Assault	Robbery	Aggravated Assault & Battery	Burglary	Theft	Motor Vehicle Theft	Arson
2009	12,328,330	(3,371.1)	415,601	767 (6.2)	5,082 (41.2)	22,899 (185.7)	35,105 (284.8)	75,643 (613.6)	247,501 (2,007.6)	26,639 (216.1)	1,965 (15.9)
2008	12,263,413	(3,650.2)	447,645	781 (6.4)	5,346 (43.6)	24,098 (196.5)	37,530 (306.0)	77,056 (628.3)	268,334 (2,188.1)	32,486 (264.9)	2,014 (16.4)
% Change	0.5%	(-7.6%)	-7.2%	-1.8% (-3.1%)	-4.9% (-5.5%)	-5.0% (-5.5%)	-6.5% (-6.9%)	-1.8% (-2.3%)	-7.8% (-8.2%)	-18.0% (-18.4%)	-2.4% (-3.0%)

Rate per 100,000 is in parentheses.

Metropolitan Statistical Areas Summary

The Metropolitan Statistical Areas comprise the central county or counties containing the core (urbanized area that has a population of at least 50,000), plus adjacent outlying counties having a high degree of social and economic integration with the central county as measured through commuting ties. There are 11 Metropolitan Statistical Areas that include 36 Illinois counties.

The inhabitants of the Metropolitan Statistical Areas represent 87.3 percent of the state's population. The Metropolitan Statistical Areas account for 91.0 percent of the Illinois crime index offenses.

Crime Index Offense/Crime Rate Comparison 2009/2008 Total Metropolitan Statistical Areas

	Population	Crime Rate per 100,000	Total Crime Index	Murder	Criminal Sexual Assault	Robbery	Aggravated Assault & Battery	Burglary	Theft	Motor Vehicle Theft	Arson
2009	11,266,496	(3,438.5)	387,398	743 (6.6)	4,544 (40.3)	22,653 (201.1)	32,454 (288.1)	69,447 (616.4)	229,845 (2,040.1)	25,892 (229.8)	1,820 (16.2)
2008	11,199,073	(3,732.2)	417,967	758 (6.8)	4,773 (42.6)	23,817 (212.7)	34,861 (311.3)	70,671 (631.0)	249,500 (2,227.9)	31,712 (283.2)	1,875 (16.7)
% Change	0.6%	(-7.9%)	-7.3%	-2.0% (-2.9%)	-4.8% (-5.4%)	-4.9% (-5.5%)	-6.9% (-7.5%)	-1.7% (-2.3%)	-7.9% (-8.4%)	-18.4% (-18.9%)	-2.9% (-3.0%)

Rate per 100,000 is in parentheses.

Metropolitan Division Summary

A Metropolitan Division is a county or group of counties within a Metropolitan Statistical Area that contains a core with a population of at least 2.5 million. There are two Metropolitan Divisions that include counties in Illinois. The Chicago - Naperville - Joliet, IL - IN - WI Metropolitan Statistical Area is comprised of the Chicago - Naperville - Joliet, IL Metropolitan and the Lake County - Kenosha County, IL - WI Metropolitan Divisions.

The table below represents the population and crime index offenses for the counties (Cook, DeKalb, DuPage, Grundy, Kane, Kendall, McHenry, and Will) that are included in the Chicago - Naperville - Joliet, IL Metropolitan Division. The inhabitants of the Chicago - Naperville - Joliet, IL Metropolitan Division represent 59.7 percent of the state's population and account for 64.6 percent of the Illinois crime index offenses. The Lake County - Kenosha County, IL - WI Metropolitan Division is not included in this table since it includes areas in Wisconsin.

Crime Index Offense/Crime Rate Comparison 2009/2008 Total Chicago - Naperville - Joliet, IL Metropolitan Division

	Population	Crime Rate per 100,000	Total Crime Index	Murder	Criminal Sexual Assault	Robbery	Aggravated Assault & Battery	Burglary	Theft	Motor Vehicle Theft	Arson
2009	7,696,894	(3,571.2)	274,870	603 (7.8)	2,729 (35.5)	19,373 (251.7)	20,906 (271.6)	46,499 (604.1)	162,131 (2,106.4)	21,472 (279.0)	1,157 (15.0)
2008	7,654,016	(3,895.2)	298,141	618 (8.1)	2,891 (37.8)	20,434 (267.0)	22,696 (296.5)	46,580 (608.6)	177,482 (2,318.8)	26,237 (342.8)	1,203 (15.7)
% Change	0.6%	(-8.3%)	-7.8%	-2.4% (-3.7%)	-5.6% (-6.1%)	-5.2% (-5.7%)	-7.9% (-8.4%)	-0.2% (-0.7%)	-8.6% (-9.2%)	-18.2% (-18.6%)	-3.8% (-4.5%)

Rate per 100,000 is in parentheses.

Micropolitan Statistical Areas Summary

The Micropolitan Statistical Areas comprise the central county or counties containing the core (urban cluster that has a population of at least 10,000, but less than 50,000), plus adjacent outlying counties having a high degree of social and economic integration with the central county as measured through commuting ties. There are 23 Micropolitan Statistical Areas that include 29 Illinois counties.

The inhabitants of the Micropolitan Statistical Areas represent 8.2 percent of the state's population. The Micropolitan Statistical Areas account for 6.6 percent of the Illinois crime index offenses.

Crime Index Offense/Crime Rate Comparison 2009/2008 Total Micropolitan Statistical Areas

	Population	Crime Rate per 100,000	Total Crime Index	Murder	Criminal Sexual Assault	Robbery	Aggravated Assault & Battery	Burglary	Theft	Motor Vehicle Theft	Arson
2009	1,061,834	(2,656.1)	28,203	24 (2.3)	538 (50.7)	246 (23.2)	2,651 (249.7)	6,196 (583.5)	17,656 (1,662.8)	747 (70.3)	145 (13.7)
2008	1,064,340	(2,788.4)	29,678	23 (2.2)	573 (53.8)	281 (26.4)	2,669 (250.8)	6,385 (599.9)	18,834 (1,769.5)	774 (72.7)	139 (13.1)
% Change	-0.2%	(-4.7%)	-5.0%	4.3% (4.5%)	-6.1% (-5.8%)	-12.5% (-12.1%)	-0.7% (-0.4%)	-3.0% (-2.7%)	-6.3% (-6.0%)	-3.5% (-3.3%)	4.3% (4.6%)

Rate per 100,000 is in parentheses.

Outside Core Based Statistical Areas Summary

Counties that do not qualify for inclusion in a Core Based Statistical Area are referred to as Outside Core Based Statistical Areas. There are 37 counties that are included in this category.

The inhabitants of Outside Core Based Statistical Areas represent 4.9 percent of the state's population. Outside Core Based Statistical Areas account for 2.4 percent of the Illinois crime index offenses.

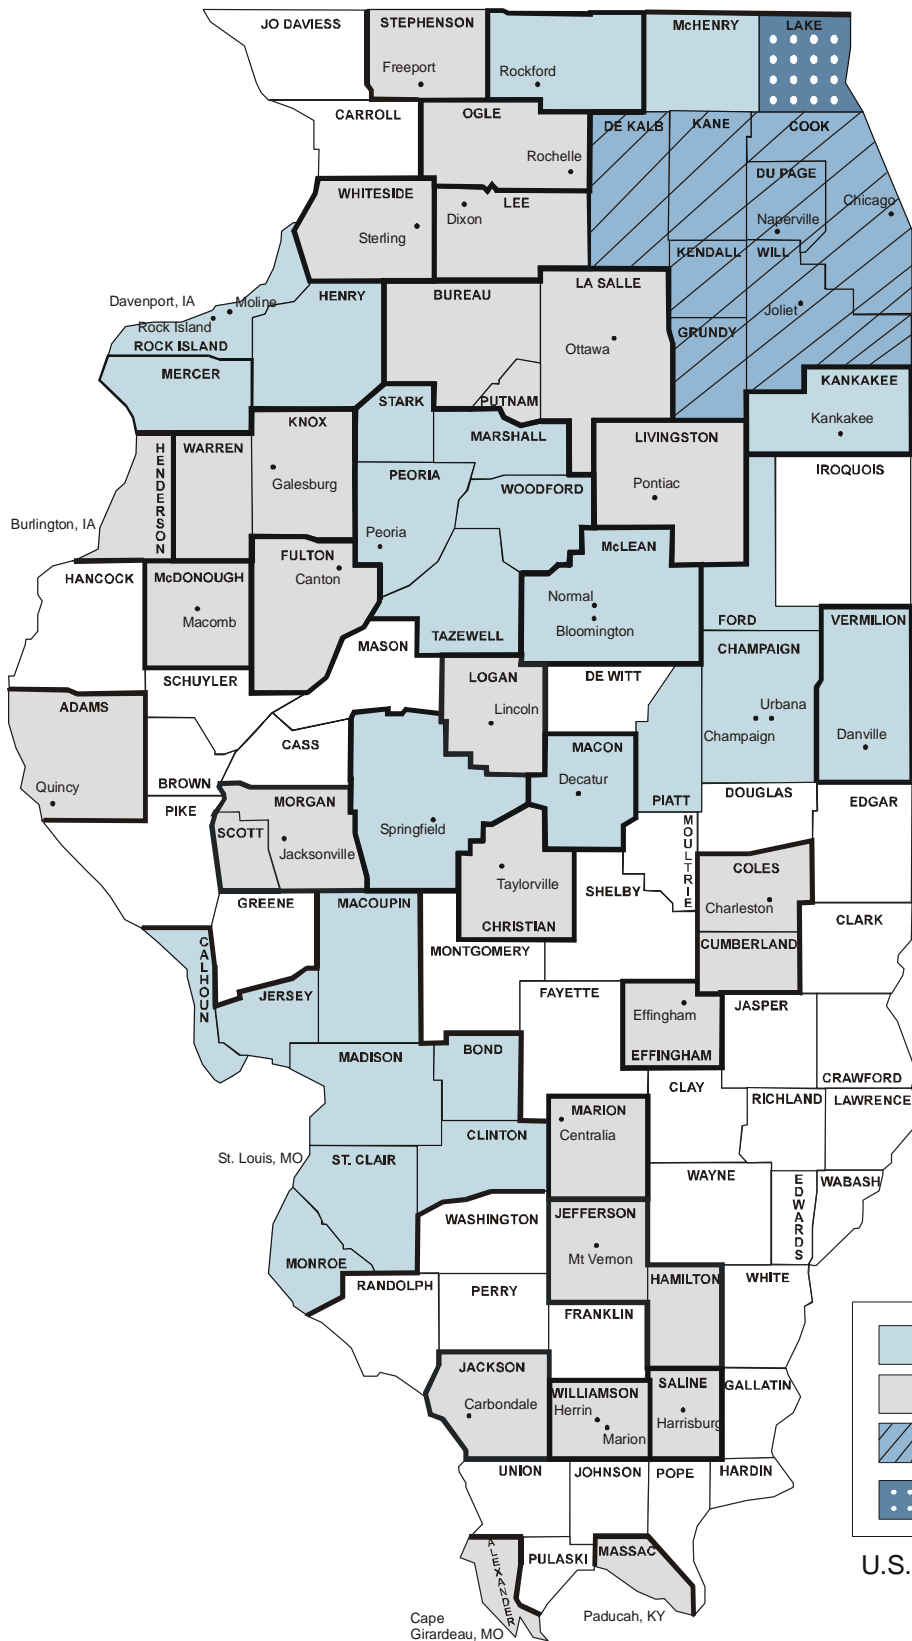

Crime Index Offense/Crime Rate Comparison 2009/2008 Total Outside Core Based Statistical Areas

	Population	Crime Rate per 100,000	Total Crime Index	Murder	Criminal Sexual Assault	Robbery	Aggravated Assault & Battery	Burglary	Theft	Motor Vehicle Theft	Arson
2009	627,256	(1,612.9)	10,117	6 (1.0)	234 (37.3)	41 (6.5)	1,597 (254.6)	2,213 (352.8)	5,673 (904.4)	277 (44.2)	76 (12.1)
2008	623,564	(1,745.6)	10,885	10 (1.6)	300 (48.1)	42 (6.7)	1,600 (256.6)	2,202 (353.1)	6,352 (1,018.7)	297 (47.6)	82 (13.2)
% Change	0.6%	(-7.6%)	-7.1%	-40.0% (-37.5%)	-22.0% (-22.5%)	-2.4% (-3.0%)	-0.2% (-0.8%)	0.5% (-0.1%)	-10.7% (-11.2%)	-6.7% (-7.0%)	-7.3% (-8.3%)

Rate per 100,000 is in parentheses.

Note: Population, total crime index, and individual index offense totals reflected in the metropolitan, micropolitan, and outside core based statistical area tables will not add up to statewide totals due to rounding and the distribution of same for multi-county agencies.

SECTION IV - SUPPLEMENTAL DATA

DOMESTIC CRIMES, CRIMES AGAINST CHILDREN, CRIMES AGAINST SCHOOL PERSONNEL, HATE CRIMES DATA

In April 1996, the Illinois State Police began collecting statistics pertaining to offenses mandated by state and federal statutes and offenses concerning children. Data in this section reflects crimes occurring from January 1 through December 31, 2009. Training efforts throughout 2009 increased agency participation and may have contributed to increases in the number of offenses reported as compared to the previous year. Despite increased participation due to training, there remain agencies incapable of reporting supplemental data due to the limitations of their reporting systems.

Domestic Crimes

The reporting of domestic-related offenses is mandated by Chapter 20 of the Illinois Compiled Statutes, 2630/5.1. Domestic-related offenses is defined as any crime committed where a domestic relationship exists between the victim and offender. Domestic relationship is defined as family or household members, including spouses, former spouses, parents, children, stepchildren and other persons related by blood or by present or previous marriage, persons who share or formerly share a common dwelling, persons who have or allegedly have a child in common, persons who have or have had a dating or engagement relationship, and persons with disabilities and their personal care assistants or care givers outside the context of an employee of a public or private care facility.

Crimes Against Children

Although reporting in this category is not mandated by state statutes, information is voluntarily submitted by agencies providing statistics used in researching the type and frequency of offenses committed against victims aged 16 years and younger.

Crimes Against School Personnel

The reporting of attacks on school personnel is mandated by Chapter 105 of the Illinois Compiled Statutes, 5/10-21.7. Aggravated batteries and aggravated assaults committed against teachers, administrative personnel, or other school personnel are reported. Other school personnel includes teacher's aides, bus drivers, hall monitors, custodians, cafeteria workers, etc., who are employed by the school.

Hate Crime

The reporting of hate crime information is mandated by Chapter 20 of the Illinois Compiled Statutes, 2605-390(a) and the Federal Hate Crime Act. A hate crime is committed when, by reason of the actual or perceived race, color, creed, religion, ancestry, gender, sexual orientation, physical or mental disability, or national origin of another individual or group of individuals, a person commits homicide, criminal sexual assault, robbery, aggravated battery/assault, battery, assault, burglary, theft, motor vehicle theft, arson, criminal trespass, criminal damage to property, mob action, disorderly conduct, or harassment. During 2009, 141 hate crime incidents were reported. Some incidents involved multiple offenses, accounting for a total of 155 offenses committed.

**SECTION V -
LAW ENFORCEMENT
EMPLOYMENT INFORMATION**

Law Enforcement Employment Information

The law enforcement employment information presented in this section is comprised of the number of part- and full-time sworn officers, full-time civilian employees, and auxiliary officers employed as of October 31, 2009. The part- and full-time sworn officer category includes the number of sworn personnel with full arrest powers (includes chiefs, sheriffs, commissioners, superintendents, etc.) who are paid by their agency or federal grant funds. The full-time civilian category includes civilian employees (includes clerks, stenographers, telecommunicators, mechanics, civilian jail personnel, etc.) who are paid by their agency or federal grant funds. The auxiliary officer category includes those officers, such as an auxiliary or reserve officer, who are subject to report in an emergency situation, and who are not paid by their agency or federal grant funds. Active auxiliary officers are accounted for under the part-time sworn officer category.

Sworn and civilian full-time law enforcement employees by agency type:

# of Sworn & Civilian Full-Time Employees	Police Departments	Sheriffs' Offices	Miscellaneous Agencies	Total	% of Total
0-10	434	11	37	482	48.6%
11-50	229	57	40	326	32.8%
51-200	106	26	11	143	14.4%
201+	31	8	3	42	4.2%
Total	800	102	91	993	100.0%

The employment rate for law enforcement personnel is calculated as follows:

$$\frac{\text{Number of Employees}}{\text{Jurisdictional Population}} \times 1,000 = \text{Employment Rate}$$

EXAMPLE:

A department with 60 employees and a population of 51,000 has an employment rate of 1.2 per 1,000 inhabitants:

$$\frac{60}{51,000} \times 1,000 = 1.2 \text{ Rate per 1,000 Inhabitants}$$

Law enforcement employment rates should not be directly compared to index crimes, non-index offenses, or the service-related activities performed by law enforcement officers. Service-related activities account for over 80 percent of the officers' workload, and usually remain unpublished. Each community should consider all the factors related to the causes of crime and determine the role of the law enforcement department relative to crime and to required services.

Law Enforcement Employment Information

Statewide

The statewide total number of law enforcement personnel in Illinois for 2009 is 57,698. The 41,019 part- and full-time sworn officers in 2009 account for 71.1 percent of the entire state of Illinois law enforcement community's work force. The 2009 employment rate for sworn employees of the entire state of Illinois law enforcement work force is 3.2 per 1,000 inhabitants. The 14,721 civilian employees comprise 25.5 percent of the entire state of Illinois law enforcement community's work force, with an employment rate of 1.1 per 1,000 inhabitants. The 1,958 auxiliary officers (officers not on active duty but subject to call in an emergency situation) in 2009 account for 3.4 percent of the entire state of Illinois law enforcement community's work force, with an employment rate of 0.2 per 1,000 inhabitants.

Police Departments

Police departments employed 36,483 law enforcement employees statewide in 2009 accounting for 63.2 percent of the state law enforcement employee total. The 30,586 part- and full-time sworn officers in 2009 account for 83.8 percent of the police department work force. The 2009 employment rate for sworn employees of police departments is 2.8 per 1,000 inhabitants. The 4,703 civilian employees comprise 12.9 percent of the police department work force, with an employment rate of 0.4 per 1,000 inhabitants. The 1,194 auxiliary officers in 2009 comprise 3.3 percent of the police department work force, with an employment rate of 0.1 per 1,000 inhabitants.

Sheriffs' Offices

Sheriffs' offices employed 14,694 law enforcement employees statewide in 2009 accounting for 25.5 percent of the state law enforcement employee total. The 5,902 part- and full-time sworn officers in 2009 account for 40.2 percent of the sheriffs' offices work force. The 2009 employment rate for sworn employees of sheriffs' offices is 2.9 per 1,000 inhabitants. The 8,104 civilian employees comprise 55.2 percent of the sheriffs' offices work force, with an employment rate of 4.7 per 1,000 inhabitants. The 688 auxiliary officers in 2009 comprise 4.7 percent of the sheriffs' offices work force, with an employment rate of 0.3 per 1,000 inhabitants.

Miscellaneous Agencies

Miscellaneous agencies employed 6,521 law enforcement employees statewide in 2009 accounting for 11.3 percent of the state law enforcement employee total. The 4,531 part- and full-time sworn officers in 2009 account for 69.5 percent of the miscellaneous agencies work force. These agencies include airports, colleges and universities, fire department/arson investigations, forest preserves, hospitals, other agencies, park districts, and railroads. Since miscellaneous agencies do not have a population, employment rates cannot be calculated. The 1,914 civilian employees comprise 29.4 percent of the miscellaneous agencies work force. The 76 auxiliary officers in 2009 comprise 1.2 percent of the miscellaneous agencies work force.
